Subject: Acronym List - Decision Document
Attachments: OR CZARA Dec Doc Acronyms.docx

Hi all,
Quick follow-up on my earlier message – attached is the acronym and abbreviations list. For the abbreviations, we did include things like “State” for “State of Oregon”. I can remove these if you prefer to focus on the more traditional acronyms, but wanted to provide something for you to react to.
Please let me know if you have any questions.
Thanks, Amy

Subject: edited Decision Document

Hi all,
Attached is the edited decision document. The clean version keeps some of the comments from the editor that you may want to address.

One formatting suggestion for a subsequent draft is to reduce the footnotes so there are no more than 2 footnotes cited together in the text. We were not sure if you wanted to do this, so did not make these changes. We could help with this later, if requested, and there is also some minor footnote consistency for the references that could still be improved.

The editor also asked about your preference for: NOAA and EPA vs. the federal agencies and Oregon vs. the State. Should the short versions be used in every instance after they are defined? Consistency on that could be improved with a search/replace.

We have an acronym table mostly complete and I will send later this afternoon.

Please let me know if you have any questions on this.
Thanks, Amy
